Re: *American Cellular Corporation*
E911 Quarterly Report – CC Docket No. 94-102

Dear Ms. Dortch:

American Cellular Corporation and its subsidiaries, by its attorneys, hereby submit the attached E911 Quarterly Report on their progress toward and compliance with the terms and conditions of the *Order to Stay* and the Commission's E911 rules.¹

If there are any questions regarding this matter, please contact the undersigned.

Sincerely,

WILKINSON BARKER KNAUER, LLP

By: Lawrence J. Movshin

E911 Status – Quarterly Report

CC Docket No. 94-102

May 3, 2004

Summary of Report

Pursuant to the *Order to Stay* and the Commission's Public Notice dated June 6, 2003,¹ American Cellular Corporation ("ACC"), as a Tier II carrier, provides this E911 Quarterly Report ("Report"). The Report provides information on all Phase I and Phase II requests received by ACC, including the PSAP ID, Name, State, County, Implementation Phase, Air Interface, Date PSAP Request Made,² Date PSAP Request Withdrawn, Invalid Request, Deployed, Date Deployed, Date Projected, Reasons and Comment. Detailed information regarding the requests is contained in the attached chart.

Phase I Service

ACC has received 82 requests for Phase I services and has activated service in all or in part in 78 of these jurisdictions. ACC has worked diligently with its third-party location solution vendor Intrado, as well as the public safety community, in coordinating Phase I deployment. The company remains committed to working with its vendors, the PSAPs, and state and local governments, in order to deploy Phase I services in these jurisdictions as soon as possible.

Phase II Service

A. Deployment Preparation

As discussed in its waiver petition, ACC is a mid-sized carrier servicing predominantly rural and suburban markets in 11 states. The company relies primarily upon a TDMA-based network of base stations and switching equipment.³ ACC's network consists of approximately 8 Mobile Switching Centers, all of which utilize equipment manufactured by Nortel Networks ("Nortel"). ACC has worked with Nortel to prepare for Phase II deployment; all switch upgrades necessary to supply Phase II services were completed by Nortel by June 2002.

In addition, ACC has executed an exclusive contract with Andrew Corporation to provide the Position Determining Entity equipment necessary to deploy its Phase II network-based location solution. The vendor has contracted to provide compliant Phase II services in response

¹ See *Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems*, CC Docket No. 94-102, *Order to Stay*, 17 FCC Rcd 14841 (2002) ("*Order to Stay*"); Public Notice, "Wireless Telecommunications Bureau Standardizes Carrier Reporting on Wireless E911 Implementation," DA 03-1902 (rel. June 6, 2003).

² As indicated in the attached chart, the provided "request date" indicates the date the PSAP/requesting entity sent its request to ACC. This date may not correspond with the date the PSAP's/requesting entity's request was "valid" per Section 20.18(j) of the rules. 47 C.F.R. § 20.18(j); see also *Revision of the Commission's Rules to Ensure Compatibility with Enhanced E911 Emergency Calling Systems*, *Petition of City of Richardson*, CC Docket No. 94-102, *Order*, 16 FCC Rcd 18982, 18986-87 (2001) ("*Richardson*").

³ As noted by the Commission, ACC is in the process of overlaying its TDMA network with GSM/GPRS technology. See *Annual Report and Analysis of Competitive Market Conditions with Respect to Commercial Mobile Services*, *Eighth Report*, 18 FCC Rcd 14783, 14821 (2003).

to all valid PSAP requests as discussed below. ACC is currently deploying Phase II services to its jurisdictions in accordance with mutually agreed-to timetables, which have been negotiated or are currently under discussion with PSAPs.

B. Phase II Requests

ACC has received Phase II requests from Hocking County, OH; the State of Minnesota; Green, Mercer, Taylor, Washington and Rowan Counties, KY; Schohaire and Otsego Counties, NY; Baraga, Dickinson, Menominee, Iron, Ontonagon, Marquette and Houghton Counties, MI; Marion, Monongalia, Harrison, Preston, Taylor, Doddridge and Ritchie Counties, WV. For each request, ACC is proceeding with deployment in good faith, even for PSAPs who have not yet provided *Richardson* documentation.

C. Deployment Issues

In Hocking County, despite its best faith efforts, ACC's network design may render meeting the Commission's accuracy requirements infeasible. ACC provides service in Hocking County via only one cell tower. While alternative solutions were considered, including collocation with other carriers, ACC is proceeding with Phase II deployment and intends to deploy additional cell sites to resolve accuracy problems.

Furthermore, in discussions with Andrew Corporation, ACC has learned that leasing and zoning issues may affect ACC's ability to meet the interim deployment deadlines in some markets. Specifically, in order to meet the Commission's network-based accuracy requirements, Andrew Corporation has informed the company that it will need to install Angle-of-Arrival ("AOA") antennas at certain cell sites in addition to the Time Difference of Arrival ("TDOA") equipment that will be installed in individual cell sites. ACC has also been informed that installing AOA antennas may require tower modifications, lease modifications, and zoning approvals – any of which present the potential for delay.

ACC brought similar matters to the Commission's attention in its original waiver request.⁴ Accordingly, if necessary, ACC may avail itself of further waiver procedures to account for the potential market-specific shortcomings a network-based solution in its rural markets may present. The Commission has indicated that it will consider such requests.⁵

As required by the *Order to Stay*, a copy of this report is being filed with the Chief of the Enforcement Bureau, the Chief of the Wireless Telecommunications Bureau, and the Executive Directors and Counsels of APCO, NENA, and NANSAs.

⁴ See ACC Petition for Waiver of Sections 20.18(e), (f), and (h) of the Commission's Rules, CC Docket No. 94-102, at 11-15 (filed Sept. 4, 2001).

⁵ See *Order to Stay*, 17 FCC Rcd at 14853.
